Sanctuary Lakes Resort Services (SLRS) released an update to Lot Owners and Residents regarding the Waterfront Building Redevelopment Project (04/19) on 26<sup>th</sup> October 2022. The update informed that on 1<sup>st</sup> August 2022, the SLRS Board voted to re-commence 'Phase 1' of the Project, as it was put on hold back in March 2020 due to COVID-19.

The Project would re-start by:

- Reviewing the options and uses originally suggested together with costings
  - *Are the same things important to the community?*
- Refining the engagement model and community consultation process
  - *Introducing an evidence based Deliberative Engagement Approach facilitated by an independent engagement consultant.*

SLRS would be recommencing consultation with Lot Owners therefore invited Lot Owners to express their interest in the exciting opportunity to join a Community Panel who will explore potential opportunities for the Waterfront Buildings revitalisation. Revitalisation and change would ensure that the Waterfront Building was a great destination, represented the lifestyle that the resort offers and meets the needs of the Sanctuary Lakes community now and into the future.

The EOI closed at 11:59PM Sunday 6<sup>th</sup> November 2022 and a Community Panel of 26 individuals were randomly selected by our independent engagement consultants Capire, on 8<sup>th</sup> November 2022.
